PARADISE FOUND.

 PANAVIEW™

1-PIECE WINDSHIELD

355BD | NATURAL CHERRY | DEVONSHIRE

No matter where you're headed next, this much is certain. You've found a beautiful coach to take you there. The Cayman XL makes every journey an absolute joy. With a plush leatherette helm seat featuring six-way power. New Automatic Traction Control for added safety when turning. And a new 18" four-spoke steering wheel that tilts and telescopes.

Of course, all the requisite luxuries are here, too — cruise control, power sunvisors, air horns, a CD player/radio with weather band and six speakers. There's even a long list of high-end options like GPS navigation and Sirius satellite radio. Who knew paradise was so easy to find?

NO SEAMS. ADDED SAFETY. With our exclusive Panaview™ 1-Piece Windshield, you get a clear view of the world ahead. There's no annoying black rubber seam running down the middle of the windshield. It's the largest unobstructed view in the industry.

COCKPIT. When you need a little R&R, there's nothing like a comfy recliner. Or two. Check out the Cayman XL's luscious leatherette offerings. We've also upgraded the television to a 26" LCD model. Movie, anyone? A DVD player comes standard.

PASS-THROUGH STORAGE. Underneath, you'll find plenty of cargo space, including large pass-through compartments like the one shown below. All storage bays are made of one-piece polyethylene for easy wash-downs.

Cayman XL's rugged Cummins® ISB 340 HP engine with 660 lbs./ft. of torque.

ROADMASTER RAISED RAIL RR4R CHASSIS

- 1** Stacked aluminum charged air cooler, aluminum radiator, and external aluminum transmission cooler for optimum heat transfer and cooling.
- 2** Allison® 2500 MH 6-Speed World Transmission and electronic shifter for smooth, even shifting and added horsepower and torque. Gross combined weight rating of 33,000 pounds for a solidly built coach.

- 3** Unique 5-degree rear axle tilt for perfect alignment of engine, transmission, and rear end to minimize drivetrain stress and noise.
- 4** Active suspension control system with four air bags and gas shock absorbers, with superior front-to-rear balance and sway reduction giving superb ride and handling.

- 5** Fully automatic hydraulic leveling system (3-point leveling system) to adjust coach level for passengers' ease in entry and exit.
- 6** Heavy-duty steel undercarriage and firewall provide strength and durability.
- 7** Electronically controlled exhaust braking system, with chrome exhaust tip for engine, provides smooth braking with four-wheel anti-lock braking system (ABS) with full air brakes (drum).

MAY WE BUILD YOU A CHASSIS?

Did you know that every Roadmaster chassis is custom designed and built for the Monaco coach that will ride on it? It's a novel idea, but our owners seem to like it. And it pays off — in better performance, safety and reliability. Owners also like the fact that Roadmaster, a division of

Monaco Coach Corporation, only does one thing: They build chassis for motorhomes. Not trucks. Not buses. Just motorhomes. So naturally, they do it better. No wonder Roadmaster is the leading high-end diesel chassis manufacturer in America.

AIR BAG SUSPENSION

The active suspension automatically adjusts the pressure of the air bags as you drive and virtually eliminates nosediving and the side-to-side body sway associated with high wind conditions, curvy roads and emergency maneuvers.
